

About Us

Van brand has started its activity in the field of production and export of wooden handicrafts, which includes sculpture, carpentry, woodcarving and mosaic work, in 2020 To boost its activities in addition to the domestic market of Iran around the world.

In fact, although art products and wooden utensils are produced in different countries in industrial ways, but the quality, originality and customer friendliness of Iranian wood products have caused customers of this product from all over the world to seek to buy from Iranian artists.

Since Iran is the cradle of handicrafts, the Van collection intends to use the spirit of Iranian art to provide an opportunity for Iranian wooden arts to get acquainted with the people of the world.

Sculpture on wood

sculpture is an expressive art. The artist saves statue from the heart of wood.

In today's art market, it is customary to make animal figures such as: goat, deer, horse, shark, etc., as well as various statues in this field.

Mosaic on wood

Mosaic in the word means patch or vein.
Wood mosaic was used for decoration from the very beginning.
The most original and efficient woods in this field are betel, pear,
elm and mulberry.

CRAFTS, WOOD CARVING

Wood carving

Woodcarving is one of the branches of woodcarving that is done in the form of carving and embossing on the background. In this art, walnut, boxwood and pear woods are mainly used, which is selected according to the design and taste of the artist and Customer.

Lathe

It means the art of carving and shaping wood due to the rotational movement of the lathe, which has made the art of wood, in addition to beauty, also efficient.

Production of wood products: cane, sugar pot, wooden comb, clothes tree, lampshade base as well as all kinds of utensils are the art of lathe.

CRAFTS, WOOD CARVING

In the field of art and wood products, due to the inexhaustibility of the world of handicrafts, there are many examples, but we try to deliver the most unique to our customers. Therefore, we will implement the signals received from the customer.

packing

Van brand packaging varies according to the type of work. But we consider packages with solid wood and decorated with handicrafts that are shaped and fit the character of the van customer.

Transportation

Transportation conditions depending on where your location is and also the amount of your order. However, our proposed method is air transport.

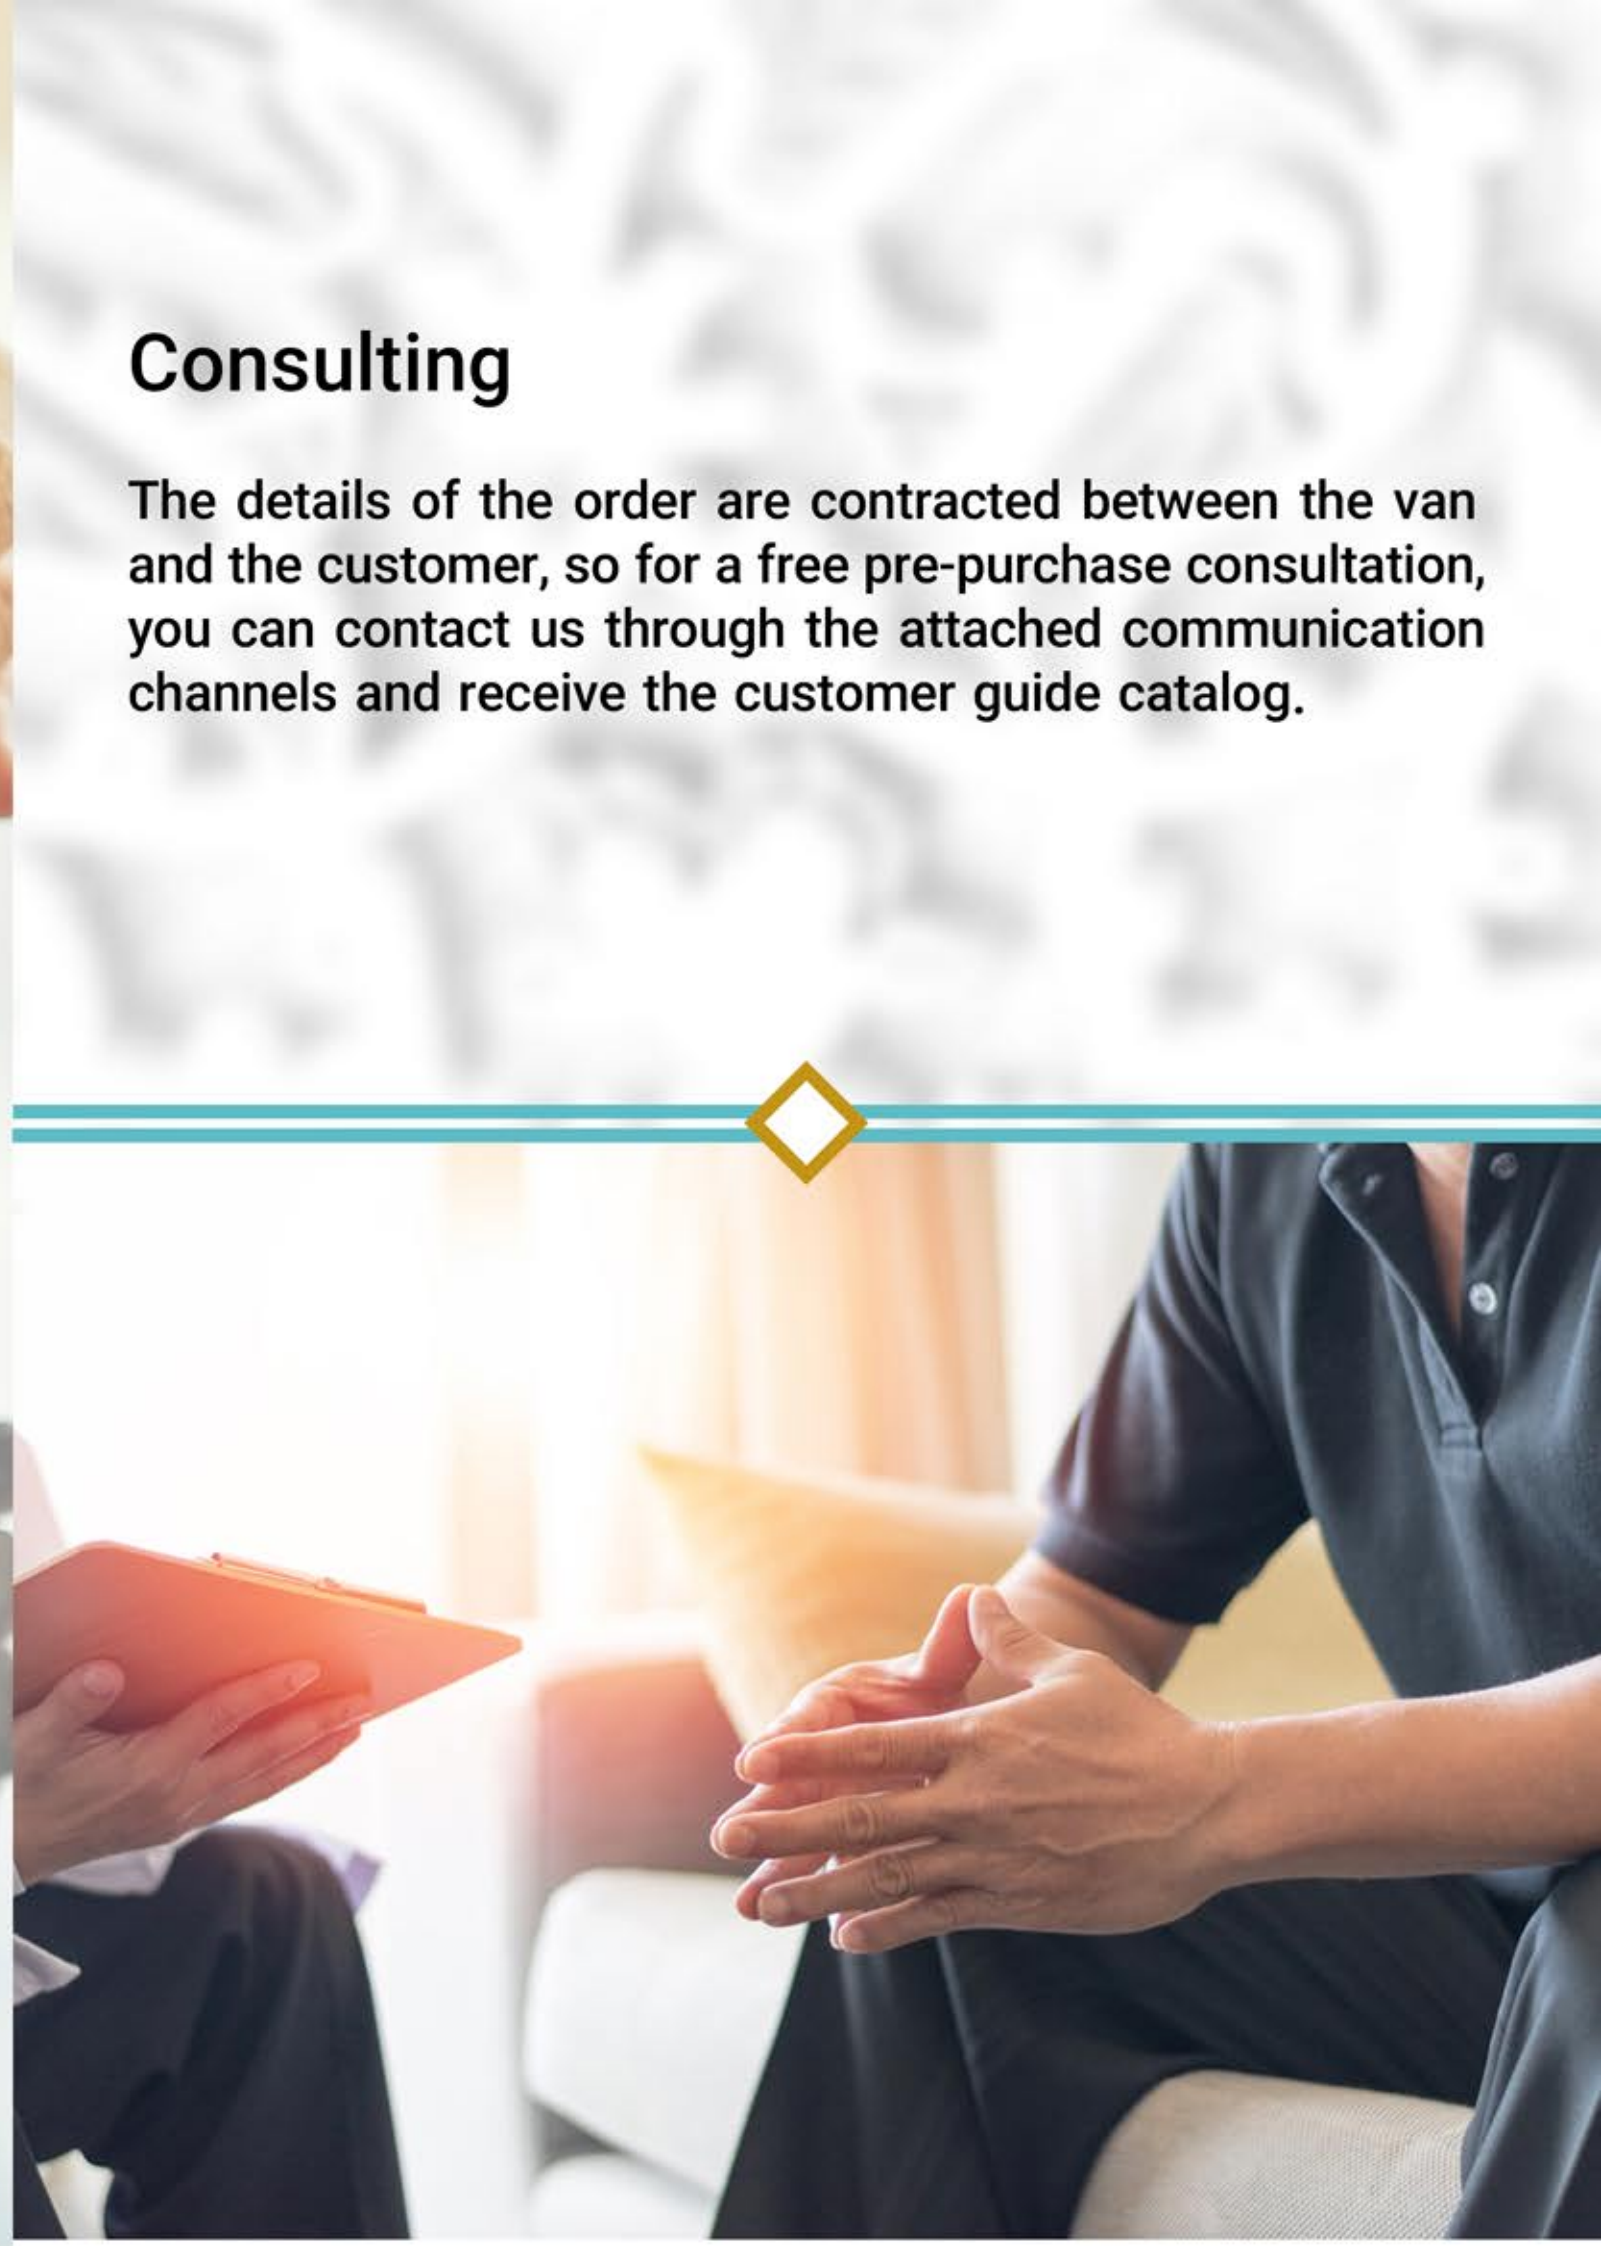

Van handicrafts are all produced in the most original workshop and under the supervision of the most experienced artists with an international degree in this field.

Consulting

The details of the order are contracted between the van and the customer, so for a free pre-purchase consultation, you can contact us through the attached communication channels and receive the customer guide catalog.

Values

Because our emphasis is on customer orientation and the slogan of our collection is based on customer trust.
Our value is your trust
